

The 9th of September is the most beautiful day in the calendar - the Day of Beauty! The pupils learned about Miss World - 2013 that is held in Indonesia today, about some things that make our body, faces and skin brighter, cleaner and more beautiful. It was fun and interesting! Kamilla Viktorova became the winner of the Beauty Quiz and got a beautiful Prize. An apple a day keeps the doctor away. Apples contain vitamins which are make us healthy. If we are healthy we are beautiful. So let the Beauty rule our life!

We had a meeting with one of the talented men of our village. He is a creator of masterpieces, a designer, a singer and just a good man. So, his name is Guryev Gennady Guryevich and he told us a lot of interesting things. Then we saw some thematic book exhibitions devoted to the year of environmental protection and to the year of Philipp Mironovich Lukin. Finally we were presented "A Poetical Gift" contest. It was fun! It was useful for everyone to find out some new things. Everyone got a book as a prize.

Our village model library is next to our school. It is rich of different kind of books. You can read newspapers and magazines here. You can watch films as well. There are always thematic exhibitions, too. The day we spent there was useful and full of impressions. Everyone could chose a book to read. It is always clean and tidy here. Armchairs and flowers make the library cozy and comfortable. The library always welcomes us.
